# GRAPHITE EQUIPMENT : GRE

## GRAPHILOR 3 A DECISIVE STEP AGAINST CORROSION

## Heat exchangers in GRAPHILOR

POLYBLOC block heat exchangers

Cubic heat exchangers

POLYTUBE shell and tube heat exchangers

## Installations and systems

Hydrochloric acid synthesis units SINTACLOR

Stripping HCl  
H<sub>2</sub>SO<sub>4</sub> Dilution

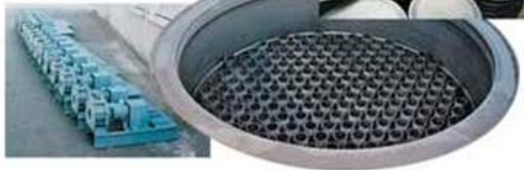

## Miscellaneous equipment in GRAPHILOR

Rupture discs

Centrifugal pumps

Columns and accessories

ALL THE EQUIPMENT YOU ARE LOOKING FOR:  
TANTALUM • TITANIUM • ZIRCONIUM • NIOBIUM • NICKEL ALLOYS

Columns

A wide range of metals

Heat exchangers

Designs adapted to customer requirements

Piping

Quality control-specifications serving high performance equipment

Perfected and cost effective construction technologies

Miscellaneous

A NEW TECHNOLOGY : CL-CLAD

Reactor in CL-Clad for Pharmaceutical Industry

100 m<sup>3</sup> Tantalum - Clad Reactor

View from Tantalum - Clad Column

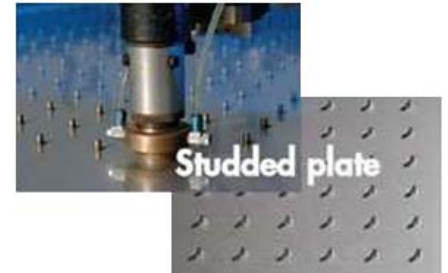

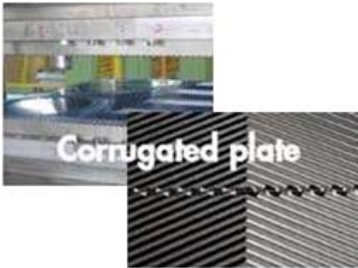

Heatex Tantalum Plate Heat Exchanger

Tantalum - Clad Accessories

KAPP: THE WELDED PLATE HEAT EXCHANGERS SPECIALIST

Compact Heat Exchangers

Condensers' "2 in 1"

Heatex Welded Free Gap Plate Heat Exchangers

Condensation Packages

# AN EMERGING LEADER WITH AN EXCEPTIONAL MATERIAL

KNOW-HOW IN PASTE EXTRUSION - ISO MOLDING - TRANSFER MOLDING - WELDING

## Piping and fittings

The only manufacturer with a complete industrial range in PTFE/PFA

## Bellows and compensators

Rapid response service from local workshops in each industrial country

## Columns and reactors

## Accessories

The only international specialists' network dedicated to the lined pipe activity

# EXPERTISE - INNOVATION

**THE LONGEST GRAPHILOR TUBES:**  
Up to 6 m. in length with no joint

**THE FINEST GRAIN:**  
GRAPHILOR 3 the only isostatic grain graphite

**ENGINEERED SYSTEMS:**  
A proven expertise in systems

**THE WIDEST DIAMETER:**  
Seamless PTFE ARMELOR columns up to 1.5 m. diameter

**TANTALUN EQUIPMENT:**  
The biggest Tantalum reactor worldwide (100 m<sup>3</sup>)

**ZIRCONIUM EQUIPMENT:**  
The specialist of equipment for acetic acid application

**CL-CLAD:**  
A new reliable cladding technology

**PLATE HEAT EXCHANGERS:**  
Tantalum welded plate heat exchangers
